Careers

Career Planning

19961 6-12
Kit 2006 AGS Pearson

It's never too early to start planning for the future. Career Planning takes students through a self-discovery process.

Informative and appealing, the text mobilizes students to investigate careers that match their strengths, abilities, interests, and values. They also learn how to prepare for specific jobs and find out what additional education or training they

need. This book goes the extra mile by covering a variety of skills job seekers need—reference gathering, résumé writing, communication, interviewing, working with others, and managing time. Best of all, the text shows students how to develop their own career action plans and portfolios. Includes numerous resources students can use in their pursuit of a satisfying career.

Everyday Life Skills

16260 8-12
Kit 2001 AGS

Is a comprehensive, career development program for high school students making the transition to postsecondary life. Focuses on the important "how to live and work" issues not always covered by regular curriculum materials.

Pacemaker Careers

19958 6-12
Kit 2005 Globe Fearon

Pacemaker Careers is a comprehensive program that explores 21st-century career clusters and helps students build the workplace readiness skills they need for a successful transition to the world of work. Presented in a consistent and accessible format, this program will engage your students' interest in today's opportunities through full-color

pictures, charts, and diagrams that support visual learning.

Health

Discover Health

16264 6-8
Kit 2000 AGS

Is the basics of a healthy life for high school students. In a comprehensive health program for students who read below grade level. Addresses the important health issues that confront today's teens.

Life Skills Health

19960 9-12
Book 2007 AGS Pearson

Life Skills Health—a textbook for striving high school students—discusses critical health concepts. Students learn how to maintain positive mental health, deal with emotions, prevent sexually transmitted diseases and common diseases, implement good nutrition and exercise plans, and more. The text sharpens students' abilities to set goals and make decisions. In addition, it explains how to sustain healthy relationships, communicate effectively, and access health resources.

Pacemaker Health

19959 6-12
Kit 2005 Globe Fearon

Pacemaker Health is a straightforward, comprehensive program that makes key health concepts accessible to all your students. Designed for use in a variety of classroom settings, this completely revised program contains updated content covering essential health issues for today's student, including nutrition and exercise, hygiene and disease prevention, safety, body systems and reproduction, mental and emotional health, substance abuse, family living and relationships, communication, maturity and sexuality, and community health.

AGS/Fearon/Pacemaker Kits

Language

Basic English

16784 6-12
Kit 2002 AGS

Is ideal for students who need extra help with language concepts, or those who are learning English as a second language. Helps students develop fundamental grammar and composition skills.

Basic English Composition

16271 6-12
Kit 2003 AGS

Teaches basic writing skills everyone needs. It is ideal for students reading significantly below grade level. With this kit, students learn sentence construction, spelling, paragraph development

and how to use sentences and paragraphs in everyday writing.

Basic English Grammar

16272 6-12
Kit 2003 AGS

Teaches the fundamentals of the English language. This comprehensive text builds and reinforces basic language skills. The high-interest, easy-reading lessons keep students involved as they learn parts of speech and sentence construction.

English for the World of Work

16274 6-12
Kit 2003 AGS

Prepares students to find, get and keep a job. Helps students prepare a personal career portfolio they can use in their future search for employment. Students also learn important

interpersonal and communication skills - reading, writing, speaking and listening.

English to Use

16273 6-12
Kit 2003 AGS

Helps students master the essentials of communication. Combines instruction in sentence patterns and parts of speech, so both are learned at the same time. This method has been successful for those who need to review writing and speaking skills, as well as those learning English as a Second Language.

Life Skills English

16262 8-12
Kit 2003 AGS

Sharpens the language skills that young people need today. This text is based on feedback from around the country and teaches how to find information, how information is organized and how to use reference tools - vital skills for today's students.

Math

Algebra

19964 6-12
Kit 2004 AGS Pearson

This program provides students with all of the concepts and skills they need to succeed in a first-year algebra course. Correlated to NCTM Standards, the content provides students of all abilities with essential preparation in problem solving, calculator usage, and application lessons that demonstrate how algebra is integrated with related content areas such as geometry, probability, and statistics.

Basic Math Skills

16266 6-12
Kit 2003 AGS

Is a full-color text for students and adults who need additional instruction on basic math concepts and operations. Provides extensive examples and practice activities - all presented as real-life situations, so students see the relevance of math in their day-to-day lives.

AGS/Fearon/Pacemaker Kits

Consumer Mathematics

16265 6-12
Kit 2003 AGS

Teaches students to become well-informed consumers. Presents basic math skills used in everyday situations - paying taxes, buying food, banking and investing, and managing a household.

Economics

18248 6-12
Kit 2005 AGS

Economics lays the foundation for economic thinking and the ability to make informed choices in the national and international marketplace. This textbook: promotes student success in understanding economic theory through short, concise chapters; explores key elements of the free enterprise system: supply, demand, price, competition, business, labor, money and banking, government, and the global economy; gives students the tools to think and choose responsibly as citizens, consumers, workers, savers, and investors; and helps students visualize economic principles using graphs, charts, and illustrations.

Geometry Kit

18505 6-12
Kit 2005 AGS

Highlights include: aligns with NCTM Standards; presents key geometry concepts in a step-by-step approach that promotes student success; offers problem-solving exercises that bring geometry into real life; end of chapter review questions mirror those found on standardized tests; features Algebra Connections throughout, reviewing and applying skills and concepts learned in algebra to geometry; and over 300 additional pages of practice available on the Teacher's Resource Library CD-ROM.

Life Skills Mathematics

16263 6-12
Kit 2003 AGS

Makes math relevant for students in transition from school to independent living. Provides comprehensive instruction that students and adults need for independent living. The full-color text focuses on using math skills in real-life situations for those who have basic computational skills but need practice in applying those skills.

Math for the World of Work

19965 6-12
Kit 2002 AGS Pearson

Plan a business-oriented curriculum for your students with this full-color, easy-to-read text that focuses on the skills students need on the job. This book covers critical skills like whole numbers, fractions, decimals, averages, estimating, measurements, and ratios. Each skill is introduced in a cross-curricular context that helps students learn about the business world. Lessons are reinforced with problem-solving activities, exercises, and review questions to give students plenty of practice and solidify their understanding of new skills.

Mathematics - Concepts

18507 6-12
Kit 2005 AGS

Gives your students the basic math concepts they will need throughout life. Written at a third- to fourth-grade reading level, this textbook gives students success in understanding arithmetic operations, introduces algebraic concepts, and includes problem solving and estimation.

Pacemaker Algebra I

19946 6-12
Kit 2001 Globe Fearon

Algebra 1 is for students and young adults who need extra help grasping new algebraic concepts. This full-color text teaches the key elements of algebra in a step-by-step approach, and helps prepare all students for high school exit exams and state testing.

Pacemaker Basic Mathematics - 3rd Edition

19952 6-12
Kit 2000 Globe Fearon

This comprehensive program provides a solid, well-balanced approach to teaching math content and building and mastering math skills in number sense, measurement, as well as introductory operations and data analysis, as it prepares students for the rigors of difficult standards and proficiency tests. Pacemaker Basic Mathematics bridges the gap between success in algebra and the varied abilities of students. It incorporates valuable materials and techniques for educators and students, ensuring accessibility of content, relevance, and age-appropriateness.

AGS/Fearon/Pacemaker Kits

Pacemaker Geometry

19941 6-12
Kit 2003 Globe Fearon

Through a clear and thorough presentation, this program fosters learning and success for students of all ability levels with extensive skills practice, real-life connections, projects, and study aids. The accessible format helps students gain the understanding and confidence they need to improve their performance on standardized tests. Margin notes provide links to postulates and concepts previously taught; theorem boxes help students identify the big ideas in geometry. Featured lessons address calculator usage, applications, as well as paragraph proofs and constructions. Pre-taught vocabulary provides students with relevant background.

Pacemaker Practical Mathematics for Consumers

19947 6-12
Kit 2004 Globe Fearon

This straightforward, easy-to-understand program provides students of mixed abilities with key math concepts essential for successful adult living. From buying groceries to budgeting for housing, education, and travel, the simply stated subject matter delivered in a manageable format with a controlled reading level makes content accessible to all students. Students gain practical math competence through real-world examples in the areas of money management, banking, credit-card math, career choices, consumerism, jobs, and everyday living. Basic skills lessons review and practice mathematical concepts essential to everyday life.

Pacemaker Pre-Algebra

19945 6-12
Kit 2001 Globe Fearon

Designed as a foundation for algebra, this comprehensive program motivates students as they build the important skills and confidence they need to take on Algebra. Correlated to the NCTM Standards, Pacemaker Pre-Algebra features an attractive, full-color design that offers predictable and manageable two-page lessons that promote student success. Written at a controlled reading level of grades 3-4, students of all abilities are provided with essential preparation for a variety of testing situations, including the most widely used standardized tests.

Pre-Algebra

19966 6-12
Kit 2004 AGS Pearson

Help your students make a smooth transition from basic math to algebra. It is written for the needs of the beginning algebra student. Now you can give your students the tools and the confidence they need to reach new levels in mathematics and to succeed in algebra.

Science

Biology

18119 6-12
Kit 2004 AGS

Comprehensive life science instructions in a lively, clear format. For reluctant readers and those who require additional help to grasp basic biological and life science concepts.

Earth Science

18117 6-12
Kit 2004 AGS

From atoms to oceans, a world of science opens up for your students. Provides easy-to-understand instructions on Earth, planets, atoms, elements, oceans & climate. Is ideal for students and young adults who need science instruction that meets national science standards.

General Science

18116 6-12
Kit 2004 AGS

Offers a comprehensive, systematic overview of key scientific concepts. It is especially helpful for students who require extra attention or need assistance. Concepts of physical, earth and life science and human body are carefully written and clearly presented.

General Science - 3rd Edition

16512 6-12
Kit 2001 Globe Fearon

Introduces the basic concepts and principles of life, earth and physical science. Designed so that students of all abilities can master basic science concepts.

AGS/Fearon/Pacemaker Kits

Physical Science

18118 6-12

Kit 2004 AGS

Helps students explore and understand the world around them. Students learn the properties of matter, elements, compounds, electricity and sound and light. Students reading significantly below grade level gain practice in working with data and sharpen their abilities to infer, classify and theorize.

Social Studies

United States Geography - 2nd Edition

16525 6-12

Kit 1995 Globe Fearon

Concentrates on geography basics that broaden every student's understanding of the United States and the world they live in.

United States Government

16276 6-12

Kit 2003 AGS

Tells how the government works. This is an updated and expanded textbook for high school, ESL and adult learners reading significantly below grade level. It carefully explains the origins and development of the U.S. government, the history of political parties, branches of

government and voting and citizenship up to the new millennium.

United States History

16275 6-12

Kit 2001 AGS

Is an easy-to-read text that gives your students complete chronological coverage of the U.S. history up to the new millennium as outlined in national standards and state curriculum.

World Geography

16295 6-12

Kit 2001 AGS

Covers the rich variety of life on earth - its physical geography, people, environment, cultures, economics and political issues. Encourages students to read and gain a better understanding about the world in which they live.

World History

16291 6-12

Kit 2001 AGS

Covers 8,000 years - from the beginning of human society to contemporary times. With an easy-to-follow format, this text encourages students to read and gain more understanding about the world they live in.
