

Inside the Continuing Cartier Education Environmental Classroom and Maple Syrup Cabin.

Picture of Man and Wood Stove:
"Fourth-generation Vermont maple syrup-maker, Steve Van Wie, stokes the firebox beneath the Leader evaporator pan."

Close-up picture of steam from pan:
"Water evaporates at a rapid rate from the Leader stainless steel pan, concentrating the sugar within the sap."

Distant shot of evaporator pan:
"Steam rises toward the open Cupola on top of the cabin."

Picture of maple syrup jars on window sill: "Examples of maple syrup from the 2007 season."
